Krishnamurthi

Associate Product Manager | AI Products

kiccha1703@gmail.com | +91-90037-62619 | **LinkedIn** ↗
GitHub ↗ | **Portfolio** ↗

SKILLS

Product Management: Product Discovery, Problem Framing, PRDs, User Research, Funnel Analysis, RICE Prioritization, North Star Metrics, A/B Testing, SaaS Unit Economics, Stakeholder Management
AI / ML: Generative AI, LLM Evaluation (Ragas), RAG, Model Routing, Quantization, NLP, PyTorch, FAISS
Engineering & Data: Python, SQL, REST APIs, FastAPI, Kafka, Docker, Elasticsearch, Grafana, PostgreSQL | **Tools:** Figma, Git, GitHub

EXPERIENCE

Research Intern — Classical Epistemology & Formal Verification Jan 2026 – Jul 2026
IIITDM Kurnool | Kurnool, India

- Translated concepts from *Nyaya Shastra* into structured inference rules for automated verification pipelines, mapping epistemic soundness checks to deterministic validation workflows.
- Modelled out-of-distribution failure modes and reliability thresholds across structured algorithms to inform edge-AI hallucination guardrails.

Data Science & Technical Product Intern — Meraqui Ventures Pvt. Ltd. (karam.ai) Apr 2025 – Jul 2025
Remote / Pune, India

- Owned discovery, PRD specifications, and launch metrics for an AI candidate-matching engine with engineering teams; improved matching precision by **15%** through feature engineering and LLM fine-tuning.
- Shadowed recruiters and helped replace brittle chat flows with REST API and webhook-based ERP synchronisation, cutting manual entry by **15%** (**15+ hours/week** saved) and data errors by **12–15%**.
- Built schema-validated JSON-to-XML ETL pipelines, automated API test harnesses, and developer onboarding documentation to standardise client ERP rollouts.

Development Intern — Data Systems & Infrastructure, Treacle Technologies Jun 2024 – Aug 2024
Incubated at SIIC, IIT Kanpur | Remote

- Engineered a **Kafka** streaming pipeline across Linux and Windows VMs processing **100k+ logs/day** and built a web dashboard to surface live attack patterns.
- Integrated **Wazuh**, **Elasticsearch**, and **Grafana** dashboards with file-access alerting, reducing anomaly and incident detection latency by **40%**.
- Automated cross-platform infrastructure monitoring and incident-alert dispatch using Python/Bash scripts and a hardened Postfix/Dovecot mail service.

SELECTED PRODUCT & AI PROJECTS

- **AgentEval Studio — Collaborative Evaluation Workspace for AI Builders** (GitHub ↗): Defined product strategy, personas/JTBD, competitive teardowns, Eval Pack specification, deterministic evaluator design, release-gate policies, and roadmap for a community-driven AI evaluation workspace. Active development.
- **Shopify FlowLens — AI Workflow Automation Teardown** (GitHub ↗ | Prototype ↗): Ran evidence-led product research and competitive analysis; developed an opportunity solution tree, discovery plan, and PRD for a workflow preflight validator.
- **AI Inference Unit Economics & Semantic Router** (GitHub ↗ | Simulator ↗): Built a scenario-based financial model and interactive simulator comparing model-routing strategies; modelled **66.8%** lower inference spend and **57.1%** lower latency under stated **100k-DAU** assumptions.
- **Active Conformal Control — VLM Safety Research** (GitHub ↗): Designed a density-drift monitoring and GPU-student/CPU-teacher cascade for quantized vision-language models; evaluated across 3 VLM families and 4 benchmarks. Manuscript under revision for journal submission.

EDUCATION

Indian Institute of Management Visakhapatnam Mar 2025 – Mar 2027
Post-Graduate Program in Management (PGPMCI) | Product Strategy, Platform Ecosystems, Analytics

IIITDM Kurnool (Institute of National Importance) Nov 2022 – Apr 2026
B.Tech, Computer Science and Engineering

POSITIONS OF RESPONSIBILITY

- **Student Representative — CPAC, IIM Visakhapatnam** Sep 2026 – Present
  Serving as a liaison between PGPMCI Batch to coordinate cohort career readiness, stakeholder feedback, and placement execution.
- **Co-Speaker & ML Mentor — Google Developer Club, IIITDM Kurnool** 2024 – 2025
  Co-delivered technical sessions on supervised and unsupervised modelling, feature engineering, evaluation metrics, and Python pipelines.
- **Event Management Coordinator — Solasta 2025, IIITDM Kurnool** 2025
  Coordinated event operations and cross-functional teams for **150+ participants and organisers** across technical and cultural events.

CERTIFICATIONS & HONORS

Certifications: Supervised Machine Learning, Stanford Online ↗ | Unsupervised Learning, Recommenders & RL, Stanford Online ↗
Honors: Oracle Cloud GenAI Certified (92.5%) | 2nd Place, GDG Hackathon | 2nd Place, DataWorks Hackathon
