Education

Indian Institute of Management Visakhapatnam 2025 – 2027
Post-Graduate Program in Management (PGPMCI)

IIITDM Kurnool 2022 – 2026
B.Tech, Computer Science and Engineering

Experience

Research Intern — Classical Epistemology & Logic (IIITDM Kurnool) Jan 2026 – Jul 2026
Kurnool, India

- Led research on "Nyaya Shastra for Computer Science Engineers", mapping formal Indian dialectical logic and epistemology onto modern computer science algorithms and automated verification systems.

Data Science Intern — Meraqui Ventures Pvt. Ltd. (karam.ai) Apr 2025 – Jul 2025
Pune, India

- Owned the requirements-to-shipping loop for candidate-matching feature, defining success metrics and improving matching precision by **15%** via feature engineering and LLM fine-tuning.
- Integrated AI platform with client ERP systems via REST APIs, eliminating manual data entry by **15%** and reducing data inconsistencies by **12–15%** with schema-validated ETL pipelines.

Development Engineering Intern — Treacle Technologies (Incubated at IIT Kanpur) Jun 2024 – Aug 2024
Kanpur, India

- Specified and built monitoring dashboards (Grafana, Elasticsearch) that cut incident detection time by **40%**; scaled real-time data pipelines to process **100k+ logs/day** across distributed clusters.

Product Case Studies & Teardowns

Inside OpenAI's In-House Data Agent — Context-First Design across 70k Datasets 2026
- Analyzed 6-tier layered context pipeline (codebase table knowledge, Slack/Docs/Notion institutional memory, pass-through RBAC) powering 3.5k users across 600 PB; diagnosed evaluation harness and golden question validation loops.

Notion Agents: Doing More for Less — Pricing, Routing & Cost Control 2026
- Evaluated dynamic multi-tier credit routing (5/10/20 credits) shifting model choice from user to vendor; modeled runaway cost vulnerabilities on unattended 24-hour agent runs and proposed run-level budget envelopes.

Comet (E-commerce AI Search) — Teardown & Friction Analysis 2026
- Reverse-engineered Comet's AI "Finder" discovery flow to diagnose drop-off friction between recommendation generation and PDP conversion; proposed conversational memory to cut cart abandonment, defining "Finder-assisted add-to-cart rate" as primary metric.

KreditBee & PhonePe Lending — Same Category, Two Failure Modes 2026
- Diagnosed structurally distinct friction points across live lending funnels: document-upload bottleneck (KreditBee) vs. marketplace trust-continuity break (PhonePe); proposed AI-assisted KYC feedback and cross-partner context carry-over.

Independent Research — Product-Relevant AI Systems Work

Reliability Framework for Quantized Vision-Language Models 2026
- Designed non-parametric density-drift detector and two-tier inference cascade (GPU + CPU) balancing latency, cost, and reliability on edge hardware; revised paper through external peer review for IEEE publication.

Product & Technical Skills

Product: Problem Framing, Product Discovery, Success Metrics, Funnel & Friction Analysis, Prioritization, PRDs, Experimentation Fundamentals, Stakeholder Management
AI/LLM & Data: Prompt Design & Evals, RAG, Model Selection, Latency/Cost Trade-offs, SQL, Precision, Recall@K, Ragas
Technical Stack: Figma, Python, REST APIs, FastAPI, Docker, PostgreSQL, LLMs, LangChain, FAISS

Business Coursework & Distinctions

- Coursework: Advanced Analytics, Platform & Ecosystem Strategy, Automation for Managers, Project Management, Finance.
- Distinctions: Oracle Cloud AI Certified (92.5%) | 2nd, GDG Hackathon | 2nd, DataWorks Hackathon | Nyaya Shastra Research Certificate

भारतीय सूचना प्रौद्योगिकी अभिकल्पना एवं विनिर्माण संस्थान कर्नूल
INDIAN INSTITUTE OF INFORMATION TECHNOLOGY DESIGN AND MANUFACTURING KURNOOL
(An Institute of National Importance under the Ministry of Education, Govt. of India)
Jagannathagattu, Dinnedevarapadu, Kurnool-518008, Andhra Pradesh, India

INTERNSHIP COMPLETION CERTIFICATE

This is to certify that **R Krishnamurthi**, **122CS0067** of the **Computer Science and Engineering (CSE)** department in **IIITDM KURNOOL**, has successfully completed an internship at **IIITDM Kurnool** on the Research project titled:" **Nyaya Shastra for Computer Science Engineers".**

The internship was carried out over a period of **Seven months**, from **01-01-2026 to 31-07-2026**. During this time, the intern demonstrated a strong commitment to learning and made meaningful contributions to the project's objectives.

In this experimental project, the analysis and research on the the applicability of Nyaya Shaastras for Computer science and engineering concepts were carried out. He showed enthusiasm, technical proficiency, and a collaborative spirit throughout the duration of the internship.

We appreciate the dedication and effort put forth and wish **Krishnamurthi** continued success in all future endeavors.

Best regards,

Dr. K. E. Srinivasa Desikan
Assistant Professor
IIITDM Kurnool

Dr. K.E. SRINIVASA DESIKAN
Assistant Professor
Department of Computer Science & Engineering
IIITDM KURNOOL-518008.
